SCORPION 12 MONTH WARRANTY
Scorpion tools are covered against manufacturing defects or faulty materials.

This warranty does not cover overloading, abuse, misuse and/or normal wear and tear. All Scorpion tools are designed and manufactured for specific purposes and if not used for that intended purpose they will not be covered by the warranty. This warranty is in addition to what is covered in the Trade Practices Act (Aust), all state and territory laws and regulations and the Fair Trading Act (NZ). Tools that fail due to manufacturing defects or faults may be returned to a Scorpion authorized dealer for repair or replacement at the sole discretion of Austech Industries Pty Ltd.

NOTE: Warranty cover only applies if valid proof of purchase is presented when warranty is requested. The warranty period starts from the original date of purchase. Units which fail to perform in accordance with specifications due to non-warrantable causes will be subject to freight, repair and or quote charges.
